

EVENT REPORT

INNOVESTA'18

Innovation Club of NIT Jalandhar conducted its second symposium INNOVESTA'18 sponsored by Canara bank with focus upon innovation and design successfully on 12th & 13 th of October, 2018.

The event was inaugurated by the Director, NIT Jalandhar Prof. L K Awasthi. The event started with lamp lightening ceremony. The coordinator of Innovation Club, Dr. L P Singh, expressed that team is very delighted and highly motivated to provide a platform to the juvenile technocrats for transforming their imagination into reality.

Prof. LK Awasthi congratulated Ministry of Human Resource Development and Prime Minister Office for taking such catalytic initiatives for lifting up the level of NITs, IITs and other centrally funded institutions (CFDIs) towards excellence. At the end, director L K Awasthi congratulated the faculty coordinator of the club Dr. L P Singh for his hard efforts and excellent work to establish Innovation Club and taking initiative to organize first event on innovation.

The main idea behind the event was presenting a fabricated model in the following disciplines:

1. Hardware Based : IOT, Aurdino etc.
2. Software Based : Web and Mobile Applications.
3. Business Plans : Entrepreneur Ideas.

The event saw many innovative and unique ideas.

More than 35 teams from various institutes participated and presented their ideas through project and PPTs. Each team was given 15 minutes to present its idea.

A total of 35 teams witnessed the event from various institutes including Lovely Professional University Jalandhar, Gulzar Group Of Institutions Khanna, GNDU Jalandhar, GNDU Ludhiana, St. Soldier College, Apeejay College, DAV College and NIT Jalandhar.

The event was judged by Dr. Dilbagh Singh, Professor, Department of Instrumentation and Control Engineering, Dr. L P Singh, Faculty Coordinator Innovation Club NIT Jalandhar, Dr. Kapil Kumar Goyal, Department of Industrial and Production Engineering, Dr. Balwinder Raj, Department of Electronics and Communication engineering.

Second day of innovesta 2k18 started with detailed demonstration and presentation of projects and PPTs which went on till evening. Dean student welfare Dr. A L Sangal distributed the prizes to the winner's and runners.

Each team presented the model and presentation enthusiastically and the total prize money for the event was Rs.11000.

The winners were :

Team Gulzar B from Gulzar Group Of Institutions Khanna. Their innovative idea covered concept related to farming with a number of sensors designed inbuilt. How engineering minds could think about basic details of farming and implemented with great thinking.

1st Runner Up-Team Ignition, from NIT Jalandhar. Team comprised of 2nd year students of NIT Jalandhar. They presented on topic smart home using aurdino and basic programming, where the house they presented worked according to voice messages sent by person.

2nd Runner Up-Team SOPME R4TT from lovely professional university. They presented a racing car which worked according to reverse fourier transformation. Car ran in forward as well as back gear had its impact on people.

Six Consolation Prizes were distributed to teams from NIT Jalandhar and Lovely Professional University and Gulzar group of Institutions.

All the teams were very enthusiastic and determined and found this to be a great platform to reward talents. All the Team Members were presented with mementos as a token of respect and for their hard work.
