

Dr. B R Ambedkar National Institute of Technology in Jalandhar

17/05/2024

**Dr. B R Ambedkar National Institute of Technology in Jalandhar hosted 5-day STC on "Industry oriented Trends of Communication Systems and Signal Processing" IoTCS-24 from May 13 to May 17,2024**

During a five-day session dedicated to exploring "**Industry oriented Trends of Communication Systems and Signal Processing**," esteemed speakers explored the cutting edge of telecommunications innovation. By concentrating on theoretical frameworks, practical applications, simulation techniques, edge AI, and diverse signal processing methods, the event was successfully conducted by delivering expert talks from speakers from various domains. Mr. Vikram from Gigabyte Technologies, holds a hands-on training session on design of scheduler for 5G and beyond wireless communication system. Dr Nitin Sharma from BITS Pilani, K K Birla Goa Campus, delivered an informative talk on Acquisition of GNSS signals.
