

Machine Learning Tools and Techniques (MLTT - 2019)

One Week TEQIP-III sponsored Short Term Training Program (STTP) on “Machine Learning Tools and Techniques (MLTT-2019)” was organized collaboratively by Department of Computer Science & Engineering and Department of Instrumentation & Control Engineering, Dr. B. R. Ambedkar National Institute of Technology during 7-11 Dec 2019. The function was graced with the auspicious presence of Chief Guest Prof (Dr) L K Awasthi, Director, Dr B R Ambedkar NIT Jalandhar and Guest of Honour Prof (Dr) JK Chhabra, NIT Kurukshetra. Machine learning is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed. Machine learning focuses on the development of computer programs that can access data and use it to learn for themselves. The program provided the participants with theoretical and practical background with state of art research practices, current and future research trends. The course witnessed the registration of 65 participants and researchers across the country. Prof (Dr) L K Awasthi, Director, Dr B R Ambedkar National Institute of Technology congratulated coordinators to organize such an informative course successfully and extended support to all the participants to achieve their future endeavors.
