

## Expert Talk

Centre for Energy and Environment and Department of Chemical Engineering, Dr B. R. Ambedkar National Institute of Technology, Jalandhar jointly organized an Expert Lecture by Dr Kanwar Singh Nalwa, Department of Sustainable Energy Engineering, IIT Kanpur on “Organic/Inorganic Hybrid Perovskite Material based Solar Cells ”, 24 February 2023.

Dr Kanwar Singh Nalwa spoke about the improvement of thermal, moisture and photo-stability of perovskite solar cells, energy storage devices (batteries) and challenges exist in terms of materials development and device performance energy materials.

Dr Kanwar further interacted with final year B.Tech (Chemical, Mechanical and Electrical) students to pursue direct PhD after B.Tech at IIT Kanpur
