

Steps to Install Sophos Certificate

STEP 1:

The screenshot shows the website of Dr B R Ambedkar National Institute of Technology Jalandhar (NITJ). The browser address bar shows www.nitj.ac.in. The main banner features a survey result: "THE WEEK – HANSA RESEARCH SURVEY 2019 ALL INDIA TOP ENGINEERING COLLEGES 2019" with NITJ ranked 34th. The banner also displays the college's name: "Dr B R Ambedkar National Institute of Technology Jalandhar".

On the right side, there is a "NEWS" section with several items, including recruitment notices and admissions information. Below this, a list of links is provided, with "New Sophos Certificate" highlighted by a red box and an arrow pointing to it from a callout box.

At the bottom left, there is a "Vision" section with the text: "To build a rich intellectual potential embedded with inter-disciplinary knowledge, human values and professional ethics among the youth, aspirant of becoming engineers and technologists, so that they contribute to society and create a niche for a successful career."

STEP 3:

The screenshot shows a web browser window displaying the homepage of the Dr B R Ambedkar National Institute of Technology Jalandhar. The browser's address bar shows the URL www.nitj.ac.in. The website header features the institute's logo and name in Hindi and English. A navigation bar below the header contains links to Home, Administration, Faculty, About NITJ, Campus, Academics, Departments, Central Facilities, and TEQIP. The main content area includes a large banner for 'THE WEEK - HANSA RESEARCH SURVEY 2019' ranking the institute as 'ALL INDIA TOP ENGINEERING COLLEGES 2019' with a 'RANK: 34'. To the right, there is a 'NEWS' section with several articles. A Chrome browser menu is open on the right side of the screen, with a red arrow pointing from the hamburger menu icon in the browser's top right corner to the 'Options' item in the menu. Another red arrow points from a text box that says 'Click on [hamburger menu icon] and then Click on [gear icon] Options' to the 'Options' item in the menu.

STEP 4:

The screenshot shows the Firefox Options page with the search bar at the top containing the text "certificate". A red box highlights the search bar with the text "Type certificate in the search box and Click on View Certificates...". A red arrow points from this box to the search bar. Another red arrow points from the box to the "View Certificates..." button in the search results. The search results are displayed under the heading "Search Results" and include a section titled "Certificates" with the text "When a server requests your personal certificate". Below this text are three radio buttons: "Select one automatically", "Ask you every time", and "Query OCSP responder servers to confirm the current validity of certificates". The "Ask you every time" option is selected. The "Query OCSP responder servers to confirm the current validity of certificates" option is checked. The "View Certificates..." button is highlighted with a yellow box and a red arrow pointing to it from the red box. The "Security Devices..." button is also visible below it. The left sidebar shows the "General" section selected.
