FROM DIRECTOR'S DESK

“ Dr. B.R. Ambedkar National Institute of Technology Jalandhar has established itself as one of the most esteemed institutes of India with 46th rank in NIRF ranking 2023. At NIT Jalandhar, students are encouraged to gain interdisciplinary knowledge to make them ready for the real-life situations. Our students and alumni have proven their mark at national and international levels, and their accomplishments stand testimonial to our endeavors and their determination. We highly value our partnership with recruiters and strive to make their recruiting experience productive and positive. On behalf of the institute, it's my pleasure to invite your esteemed organization for campus recruitment. I assure that you will find our students holistic and highly competent. ”

With Best Wishes,
Prof. Binod Kumar Kanaujia
Director, NIT Jalandhar

“

Dr. B.R. Ambedkar National Institute of Technology Jalandhar has made remarkable progress in academic and research realms since its inception. NIT Jalandhar provides the ambience where creativity and ideas flourish, producing leaders of tomorrow by imparting knowledge with excellence and innovation. Apart from housing the intellectual cream of the crop, NIT Jalandhar boast of the best infrastructure facilities. We have a dedicated team and amenities for supporting you in the recruitment. We feel pleasure to invite your esteemed organization to participate in the campus recruitment program.

”

With Best Wishes,
Dr. Subrata Ghosh
Professor-In-charge (CTP)

TRAINING AND PLACEMENT CELL

HEAD, TRAINING AND PLACEMENT

“

National Institute of Technology, Jalandhar is well known for its technical education throughout the country. It enjoys a very good and warm relationships with the industry. It is one of the most favorite destination for Corporate houses as they are aware of the fact that NITJ is known to introduce bright, vibrant and effervescent young minds to the industry. The campus recruitment process for the B.Tech/M.Tech/MBA/M.Sc. Students passing out in June 2024 is already in progress and We feel pleasure to invite your esteemed organization to participate in the campus recruitment program. This is an opportunity to inform your good self that the Placement level achieved for the previous batches has been fairly impressive till date.

”

ABOUT THE INSTITUTE

NIT Jalandhar was established in the year 1987 as Regional Engineering College and was later upgraded to the status of National Institute of Technology (Deemed University), on 17th October 2002 by Government of India under Ministry of Human Resource Development (MHRD) with a mission to advance knowledge and educate students in the area of science and technology. NIT Jalandhar has 17 academic departments to impact quality education so that the students can imbibe the quality and passion to work efficiently, wisely and creatively for the betterment of humankind. The motto of NIT Jalandhar is “Learn-Lead-Serve”. The Institute offers various UG, PG courses and Research Programs in Science , Engineering and Management. The institute also promotes interdisciplinary research. NIT Jalandhar is situated in the state of Punjab which is an important center of business and financial activities and is just 350 kms from National Capital Region. It is easily accessible by Air/Rail/Road. The institute has a sprawling campus in 155 acres. It is situated in a serene environment which is conducive for learning. This institution is the nerve center where a gamut of courses are offered.

VISION

"To build a rich intellectual potential embedded with interdisciplinary knowledge, human values and professional ethics among the youth, aspirant of becoming engineers and technologists, so that they contribute to society and create a niche for a successful career

MISSION

"To become a leading and unique institution of higher learning, offering state of the art education, research and training in engineering and technology to students who are able and eager to become change agents for the industrial and economic progress of the nation To nurture and sustain an academic ambience conducive to the development and growth of committed professionals for sustainable development of the nation and to accomplish its integration into the global economy. To strive to be a Swachh NIT providing a guarantee of clean hostel, clean mess, clean water and hygienic & wholesome food to its students

A legacy of more than 30 years: Established in 1987, right from its inception the institute has played pivotal role in delivering to the technocratic demands of the world. The alumni of the institute have proved its worth in global arena and many of them hold senior positions in highly reputed organisations.

Elite Student Community: Only 0.05% of the total aspirants which is about 1.3 million who appear for JEE are able to get admission in NIT Jalandhar. In a country like India where total number of engineering aspirants is more than population of some countries. This percentage marks the quality and caliber of students in the Institute.

Exceptional Faculty: Most of the faculty in the Institute hold a PhD degree and are themselves from institutes of high repute. They are highly experienced and are constantly Involved In Research and Development and Publication in International Journals and have many national patents to their names.

An institute of national importance: The Government pampers us with great funds. the country envisions its future in us. So at the end of the day. each NITian is worth far more than what he/she pays for the fees of the Institute.

One of the most reputed institute in North India: As per our achievements and performance, we can conclude that Our Institute is one of the best in this region, which explains our increasing overall rankings over the years on multiple platforms.

Has ranked 46th amongst top 200
engineering institutes in India

BIOTECHNOLOGY

The first batch of B Tech in Biotechnology has begun in the year 2007. The department offers B Tech and Master of Technology M Tech program. The full time Doctor of Philosophy Ph D program in different research areas was started in the year 2009. The department has signed an MOU on "Biotechnology and Process Engineering on Biofuel Production", for joint research collaboration with Department of Agri food Biotechnology, University of Florence, Italy. The Department has well established state of the art laboratories with sophisticated equipment for undergraduate, postgraduate and Ph D students.

CHEMICAL ENGINEERING

The Department of Chemical Engineering was established in the year 1990. The department offers B Tech program, M Tech program and full time Ph D programmes in different research areas were started in the year 2006. The Department is DST FIST sponsored and has well established state of the art laboratories with sophisticated equipment for undergraduate, postgraduate and Ph D students.

CIVIL ENGINEERING

The Department of Civil Engineering was established in the year 1990. The department offers B Tech program, M Tech in Structural and Construction Engineering, M Tech in Geotechnical Geo environmental Engineering. The full time PhD programmes in different research areas were started in the year 2006. The Department has well established state of the art laboratories with sophisticated equipment for undergraduate, postgraduate and Ph D students.

COMPUTER SCIENCE & ENGINEERING

The Department of Computer Science Engineering was established in 1990 .The department offers B Tech program and offers two full time M Tech programmes in Computer Science Engineering and Information Security . Besides, Ph D programme was also started in the year 2007 The Department has well established state of the art laboratories with sophisticated equipment for undergraduate, postgraduate and Ph D students

ELECTRONICS & COMMUNICATION

The Department of Electronics Communication Engineering was started in 1989 The department offers B Tech in Electronics Communication Engineering, two Master's programs one in VLSI Design M Tech VLSI and one in Electronics Communication M Tech ECE and Full Time and Part Time doctorate program

HUMANITIES & MANAGEMENT

The Department of Humanities and Management was established in the year 1989. The Department offers both core and elective courses for all B Tech programmes The department has established state of the art language lab to enhance communication skills of students.

The department also offers MBA in Finance, HR, Marketing and Doctorate Program

INDUSTRIAL PRODUCTION ENGINEERING

&

The Department of Industrial Production Engineering IPE was established in the year 1989 and is offering B Tech in Industrial Production Engineering and M Tech Programme in Manufacturing Technology since 2004 . Another M Tech Programme on Industrial Engineering has been started from academic year i e 2019 The Department started full time Ph D programmes in different research areas in the year 2006

INSTRUMENTATION CONTROL ENGINEERING

&

The Department of Instrumentation and Control Engineering ICE commenced its B Tech degree programme in 1990 Connecting the disciplines of electrical, electronics, mechanics, computer science and control engineering is the core competence of modern engineering Thus, the ICE curriculum provides a broad insight into state of the art methods for this interdisciplinary combination reinforced by research The Department has started M Tech Full Time in Control and Instrumentation Engineering w e f July 2006 and M Tech Part Time w e f July 2010 .The Department has also started Ph D Programme in 2005 in the allied areas of Instrumentation and Control Engineering

MECHANICAL ENGINEERING

The Department of Mechanical Engineering was founded in 1990 and since 2002 the department is offering B Tech in Mechanical Engineering. The Department is accredited with NBA and is a FIST sponsored Department From 2019 onwards, the M Tech in Mechanical Engineering has been started in the stream of Design Engineering and Thermal Engineering. The PhD programme was started in 2011

DEPARTMENTS

INFORMATION TECHNOLOGY

The mission of the Information Technology Department is to impart knowledge, both theoretical and practical, to enable the student to solve challenging real world computing and related problems upon graduation. The Department of Information Technology offers B Tech program. The course structure spans sundry topics like Data Structures and Algorithms, Networks, Operating Systems, Machine learning and Cryptography. The department has laboratories catering to all the subjects of this stream. Students are guided by highly qualified and energetic faculty members.

ELECTRICAL ENGINEERING

The Department of Electrical Engineering has a rich legacy of innovation and creativity in teaching and research and was established in 1990, offering B.tech in Electrical Engineering. The department has been flourishing in all respect and has well equipped facilities that helps in all round development of students.

TEXTILE TECHNOLOGY

The Department of Textile Technology was established in the year 1989 to offer four years B Tech Textile Technology program and M Tech Textile Engineering and Management program in the year 2004 and PhD programs in all areas of textile technology in the year 2006

DEPARTMENT OF CHEMISTRY

The Department of Chemistry was established in the year 1989 for teaching undergraduate B Tech students Later in July 2006 M Sc and Ph D Programs were initiated The Department has also been selected as 'DST FIST' sponsored Department

DEPARTMENT OF MATHEMATICS

The Department of Mathematics was established in 1990 with the very inception of the Institute The Department caters to the Mathematical needs of Engineering Departments by offering various compulsory and elective courses to undergraduate and postgraduate students We offer postgraduate program as well as a doctoral research program for highly motivated students looking to pursue an academic or industrial career in Mathematics

DEPARTMENT OF PHYSICS

The Department of Physics started in 1989 for teaching students from all B Tech programmes The department has come a long way since today the department in addition runs M Sc and Ph D programs The department strives to emerge as a premier centre of Physics education and research across the country.

STUDENT LIFE

NIT Jalandhar is an institute that offers exposure and opportunities in different dimensions. 30 fully functional cultural and technical clubs, ensure that each student gets to learn and pursue all he/she ever wanted to, but couldn't because of the immense pressure mounted by the JEE. It would be extremely difficult for one to define the campus life of a "regular" student of NITJ. There are hundreds of lives to choose from and each student picks the kind of life best suited for him, keeping in mind the desired balance point between his academics and co-curricular involvement.

techNITi is an annual techno-managerial fest of NITJ, an opportunity for students from all over the country from a diversity of fields to unite and celebrate our various identities, now conjoined, as one. Through the year we sweat, we create, we analyse, we write, we work, and we play, but in our respective traditions.

Utkansh is the Annual Cultural Festival of the National Institute of Technology Jalandhar.

Held in the mid of March every year, it attracts a whopping 5000 students from more than 50 colleges all over the country participating in 70+ events. In the past, Utkansh has been a stage for the many entertaining performances in North India.

STUDENT LIFE

CLUBS AT NITJ

E-CELL is a cell aimed at creating entrepreneurship culture in the college. It conducts various seminars related to entrepreneurship guided by entrepreneur alumni and it also organizes internship fairs here. It heads other cells like Media cell, Analytics cell, Research cell etc.

Developer Student Clubs
NIT Jalandhar

Developer Student Club is an initiative where Google collaborates with passionate university students and provides them with the opportunity to grow their knowledge on developer technologies.

CODING CLUB is the official society of coding which provides a platform to learn and explore. We also conduct event through collaborations.

Prayaas is an activity lead and managed by students of NIT Jalandhar, working on enlightening poor students on the basics and importance of education.

In pursue of National initiative for Design Innovation by ministry of Human Resources and development, the Innovation Club of NIT Jalandhar is an initiative taken in order to promote and give nourishment to new ideas as well as recycling the existing ones in order to make our daily life easy.

CLUB CULTURE

NETRA is the official photography club of the college, a family of few shutterbugs, working in small team to cover all the official and ceremonial events in the institute. They have a special role to play in documenting the memories of fellow NITJians.

TEAM DAKSH, a team which fabricates Electric Solar Vehicle participates in ESVC Asia's biggest Electric solar vehicle championship. This is the 1st Technical team of our college whose main motive is to innovate and accelerate.

AVISHKAR makes off road four wheelers and participate in BAJA SAE events. This year they went to America for the same. This is one of the most hard-working Society of NIT Jalandhar.

TEAM PERIANTH makes formula racing cars They defined themselves as a culmination of different people coming together to make things work. Participating in various competitions like BAJA-SAE India, SUPRASAE India

R-TIST is the official Robotics Club of NIT Jalandhar. This provides a platform to enhance the robotic skills in a student.

TRAINING & PLACEMENT CENTRE

T&P Centre, NIT Jalandhar conducts all recruitment related activities of the institute. With a dedicated team of Professors, Student Coordinators and staff members, T&P centre handles the placement/internship procedures. This includes initiating communication with the companies, scheduling and executing the placement processes along with coordination of recruiters and the students. Over the years, Training & Placement Centre has proved its efficiency in meeting the expectations of both the recruiters and the students.

Under the roof of Training and Placement Centre, a dedicated team mentors and grooms the aspiring students with the skill set demanded by the industry. With regular sessions, tests and soft-skill development programs.

The various B. Tech., M. Tech., MBA & M. Sc. Programmes being offered are given below:

TRAINING & PLACEMENT CENTRE

INVITATION

The Training & Placement Centre sends invitation to companies and organisations along with relevant information who are subsequently asked to fill the Job Announcement Form (JAF)

SLOT ALLOCATION

TPO and Recruiters coordinate to fix a convenient date for recruitment process viz. tests and interviews after considering factors like student preference, job profiles, etc

RECRUITMENT

The company may organise a Pre-Placement Talk (PPT) for eligible candidates and then proceed for giving the test on any platform which may comprise of multiple rounds as per the requirement of recruiters

RESULTS

The company is required to furnish the final list of selected students at the end of the assigned interview slot.
